Product description

- The 26AWG cat6 ethernet patch cable like the 24AWG ethernet cable, supports 10Gbps high-speed and 550Mhz high-frequency bandwidth, providing high-speed and low loss transmission performance.
- Cat 6 ethernet cables have passed channel testing and comply with ANSI/TIA-568.2-D standards. Cat6 network patch cables are compatible with ethernet 100Base-TX, 1000Base-T and 10Gbase-T network transmission.
- Cat6 patch cable gold -plated connector the best conductivity to avoid eliminating signal loss.

- Cat6 ethernet cable are the best partner for network applications,Cat6 ethernet patch cords can help you solve the network connection problem.
- Cat6 ethernet cable are widely use in data center application, connect switch to patch panels or other network ports.

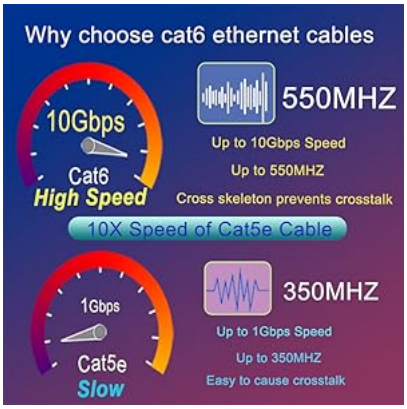

- Cat6 short patch cables have various lengths to choose from, use same various lengths cable make your wiring closet more neat for internet connections.
- Cat 6 patch cable is more time-saving than crimping the RJ45 connector at the end of the cable.
- Cat6 network patch cables can be easily plugged and unplugged in tight patch panels for easy management.

Superior Design

Cable Material

- The cat 6 ethernet cable is made of 26AWG 100% pure copper wire conductor and flexible PVC jacket.
- Cat6 cable has excellent conductivity, anti-interference, corrosion resistance, and oxidation resistance.
- Cat6 ethernet cable support Poe/Poe+ power supply.

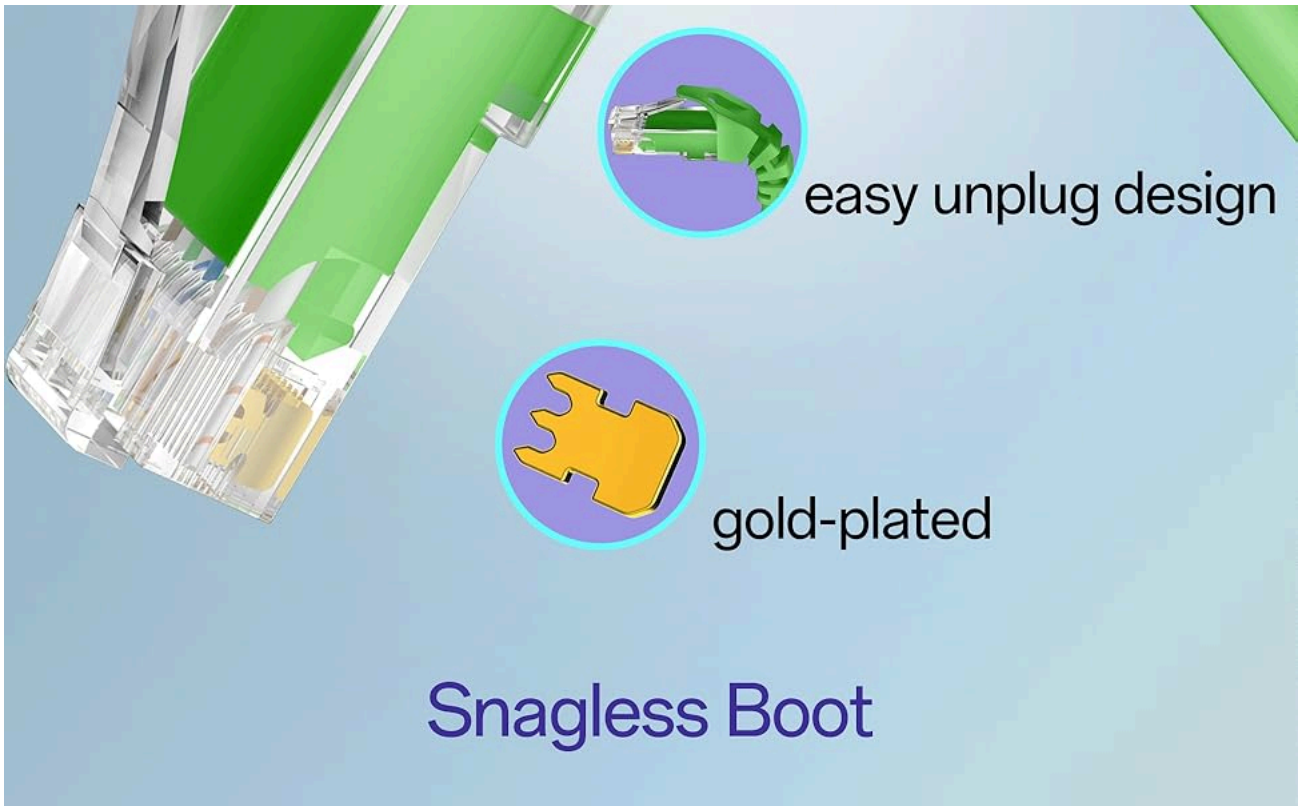

Superior Design

- The cat6 patch cable has been connected to the RJ45 connector.
- The strain relief boot protect patch cable from bending and damage, making them more sturdy and durable.
- Snagless design make the network patch cable easier to insert and remove.

Cat6 VS Cat5e

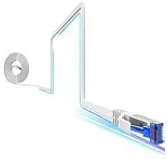

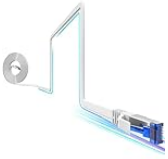

- Cat6 cable network support up to10Gbps speed,10X speed of cat5e cable.
- 550MH high-frequency bandwidth.
- Cat6 ethernet cables can better replace Cat5/5e cables.
- If you are building or maintaining a network environment, cat6 ethernet cables are your best choice.

Widely Compatible

- Cat6 ethernet patch cable use to connect network devices at home or in office,compatibility with various devices.
- Cat6 ethernet cord offer optimal performance, no lag issues in high-throughput data transfer for watching videos, playing games, streaming.

Product information

Features & Specs

Connector Type	RJ45
Cable Type	Ethernet
Compatible Devices	Laptop, Modem, Personal Computer, Printer, Router
Other Special Features of the Product	High Speed
Compatible Phone Models	VoIP phones
Ethernet Cable Category	Cat 6
Connector Gender	Male-to-Male
Data Transfer Rate	10 Gigabits Per Second
Number of Pins	8
Frequency	550 MHz
Connectivity Technology	Ethernet
Gauge	26.0

Measurements

Unit Count	10.0 Count
Item Weight	0.12 Kilograms
