Warm Noted

- If your connected devices and cables can't access 4K@30Hz, the resolution will not be 4K.
- If the resolution of the 4 monitors is different like 720P and 1080P, it automatically outputs the lower resolution 720P on 4 monitors. So 4K monitors are prefered as this splitter is 4K splitter.
- **Mirror/duplicate mode(A-AAAA): 4 screens show the same image, it can't support extended 4 different screens.**
- **Extend Mode (A-BBBB): When using a Laptop as an input, you are allowed to operate your laptop individually when the all 4 output are displaying. (The four output show the same images)**

Specification

Input	HDMI x1
Output	HDMI x2
Distance	Input 50ft + Output 50ft = 100ft long distance lossless transmission
Cascade	Supports daisy chain for multiple splitters
Resolution Output	4K*2K@24/25/30Hz, 480i,576i,480p,576p,720p,1080i,1080p@24/25/30/50/60Hz

ASIN	B07T67CLB7
Customer Reviews	4.4 (4,434) 4.4 out of 5 stars

Warranty & Support

Amazon.com Return Policy: You may return any new computer purchased from Amazon.com that is "dead on arrival," arrives in damaged condition, or is still in unopened boxes, for a full refund within 30 days of purchase. Amazon.com reserves the right to test "dead on arrival" returns and impose a customer fee equal to 15 percent of the product sales price if the customer misrepresents the condition of the product. Any returned computer that is damaged through customer misuse, is missing parts, or is in unsellable condition due to customer tampering will result in the customer being charged a higher restocking fee based on the condition of the product. Amazon.com will not accept returns of any desktop or notebook computer more than 30 days after you receive the shipment. New, used, and refurbished products purchased from Marketplace vendors are subject to the returns policy of the individual vendor.
